-Chinese Proverb

DIRECTOR'S MESSAGE

Let bygones be bygones

It's a great privilege and honor to serve our country, and people with dignity and respect. We are thankful to everyone associated with us and given the opportunity to serve. Being a process oriented organization we believe serving with dignity and integrity every individual associated with Hottex and providing exceptional quality service deliverance and our mission is becoming world's largest organization. World has been changing at a very fast pace and needless to state that equal contribution is required.

Being the Director and a visionary identity -we strive hard to provide Glorifying Quality products and services at Global Platform and learn from mistakes & feedback. It's an honor and pride while narrating our story we feel proud having such employees & marvelous & extraordinary books who have been the second asset of Hottex and a great learning source on a daily basis. Our mission is-providing outstanding client service and increase awareness to every employee and develop good environment and our values are creating everlasting & ever demanding professional relationship with each client.

Thanks

Harender Patel

Director

*"The bad news is time flies. The good news is you are the pilot
Michael Altshuler*

ABOUT HOTTEX ENGINEERS

Human being is the infinite possibility but by saying "I am only human being what can I do?" Human designs a confined boundary and live with it forever unconsciously. Moreover, human nature is exclusive and animal's nature is exclusive. Human wants no boundary but animals decide their boundary and this fact segregates a human. Globally industries have been expanding business and contributing into economy. Needless to state that we have been fortunate enough to become the participant into this race and have been serving to different industries and aim to continue the legacy to become a global brand name

Hottex Engineers Pvt. Ltd (a sister concern company) known as Thermo Engineers & Prime Refractory have been pioneered into Industrial Insulation, Scaffolding, Safety Products & Services, Sand Blasting (Copper Slag) & Industrial Painting, Refractory Application & Dry Out, Fabrications Structural, & all type of Piping works for the last 18 years and known for challenging and uncompromised quality service deliverance. We are privileged to have more than 250+ clients across India in more than 18 states and have been fortunate enough to get the support of 500+ employees who have been the source & contributor into our success journey.

"Procrastination is the art of keeping up with yesterday and avoiding today."

-Wayne Dyer

-Mark Twain

ABOUT DIRECTOR

Mr. Harendra Patel the director of **Hotttex Engineers Pvt. Ltd** has been a philosopher, guide & friend of the company. A dynamic leader with visionary leadership, Mr. Patel holds an experience of 18 years in Industrial Insulation, Scaffolding, Safety Products & Services, Sand Blasting (Copper Slag) & Industrial Painting, Refractory Application & Dry Out, Fabrications Structural, Plants & Piping works. Needless to say that Mr. Patel being an extremely focused personality has been able to deliver outstanding results to many industries at high level of complex problems. Mr. Patel believes that a person needs to work ethically & must show integrity rest is assured for the progress and success because like if wealth is gone nothing is gone but if health is gone, everything is gone, similarly if trust is gone something is gone but if integrity is gone, everything forever is finished and become unrecovered.

Mr. Patel is a deft negotiator and negotiates every deal very carefully so that no future wrangling ever happens with prospective clients. He has been a passionate personality & true believer in work together there always encourages to every person associated with him and says "Every associated employee with Hotttex is not an employee but boss and must take the ownership for every positive and negative outcome and must accept feedback by heart and I have been extremely fortunate enough to get people around me who have been a true source and inspiration for the success.

"I had six hours to chop down a tree, I would spend the first four hours sharpening the axe"
-Abraham Lincoln

WHY HOTTEX ENGINEERS

"You only have to do a few things right in your life so long as you don't do too many things wrong"
- **Warren Buffett**

HOTTEX-INSULATION/SCAFFOLDING & SAFETY WORK

*"I love deadlines. I like the whooshing sound they make as they fly by"-
-Douglas Adams*

NATURE OF WORK

SHUT DOWN SPECILIAZATION

- Specialist in Shut down jobs for Refinery, Petro Chemical, Pharmaceutical, Textile, Cement, Power Plant, Food Industry, Steel Plant.

SUPPLY-MECHANICAL ENGINEERING PLANT REQUIREMENT

- Supply of Industrial Insulation, Scaffolding & Safety products & services

WORK FORCE- MANAGEMENT

- Power bank of Semi Skilled & Highly Skilled workers

SAFETY PRODUCTS & SERVICES

- We provide industrial safety products & services for all needs as per the industry standards.

INSULATION TYPE

- All type of Industrial Insulation solutions

TECHNICAL SURVEY

- We do thorough technical survey before reaching to any conclusion on the site.

MECHANICAL WORK

- Mechanical work-piping, tanks & structure of all type

TURBINE PAD INSULATION REMOVAL TYPE

- Turbine Pad Removal type Insulation

ERECTION WORK

- Equipment Erection Static & Dynamic

INDUSTRIAL REFRACTORY WORK

- We provide all type of Industrial refractory application & dry- out solutions of boilers, Kilns, Chimney etc.

FABRICATION & ERECTION

- Piping/ Structural Fabrication & Erection

INDUSTRIAL PAINT

- We provide the survice of Industrial Paints

"A successful man is one who can lay a firm foundation with the bricks others have thrown at him"
-David Brinkley

WORKING CAPABILITIES

Project Understanding & Management

What went right and what went wrong analysis along with **SWOT** (Strength, Weakness, Opportunity & Threat) makes our team internally & externally strong to face new and extremely complex problems and turning into the right solutions. Trending technology acceptance have made us innovative in our solutions into *Thermal Insulation, Turbine Insulation, Cold Insulation & Duct Fabrication, M. S. Pipe Scaffolding Working, Acoustic Insulation & Safety material and etc.* service and material supply across Pan India have given us an opportunity to serve our client and add our little contribution into the ever growing economy. We believe in rigorous training and quality management therefore continually strives to train our staff as and when required.

Upgrading Technologies

At Hottex Engineers, *professionalism and commitment* meeting on adherence have always been our motivation and standard. Rapid economical and environmental growth and challenges have boosted our moral to move for Excellency and coping with challenges and new opportunities. Continues learning practice has enabled us to imbibe dynamic upgrading of technologies and trends. Our Hi-tech insulation & Scaffolding diversified field involvement have made learning and development mandatory to us. Regardless, work density we believe in zero tolerance in safety and quality.

"Own the outcome"

-Ryan G Wright, CEO, DoHardMoney

CORE CAPABILITIES INTO PROCESS

Project working phase contains multiple and sometimes never seen or heard challenges and we completely agree with the fact therefore contains the below mentioned process for more efficiency and less hazards.

DEFECTIVE WORK-PREVENTION <ul style="list-style-type: none"> • Our trained supervisor closely monitors the project and rectifies the problem and find a solution before it becomes a serious case and issue. 	OVER PRODUCTION-PREVENTION <ul style="list-style-type: none"> • We always strive hard to control the overproduction for smooth working environment. 	WAITING PERIOD-REDUCTION <ul style="list-style-type: none"> • Our trainer staff is always ready to report for every expected and unexpected delay so that working conditions could be more friendly.
TRANSPORTATION-MONITORING <ul style="list-style-type: none"> • We plan it accordingly so that no business of our client gets hampered. 	INVENTORY MANAGEMENT <ul style="list-style-type: none"> • Being a process oriented company we are extremely particular about inventory management and years of experience has given us the idea to manage it successfully. 	EMPLOYEE CREATIVITY <ul style="list-style-type: none"> • Even little contribution matters a lot and we put our attention to every individual and encouraged to give input.

MACHINERY, INFRASTRUCTURE & RESOURCES

MECHANICAL SKILLED WORKER <ul style="list-style-type: none"> • Supervisors, foreman & Mechanical skilled labors of all categories. 	MECHANICAL HIGHLY SKILLED WORKERS <ul style="list-style-type: none"> • Supervisors, foreman & Mechanical skilled labors of all categories. 	PROFESSIONAL TEAM FOR CRITICAL OPERATIONS <ul style="list-style-type: none"> • Associated with many professionals to perform the most challenging and difficult task

HOTTEX WELFARE SOCIETY

Hottex Engineers Pvt. Ltd (a sister concern company) known as Thermo Engineers is committed towards employees welfare therefore, in order to provide additional support Hottex engineers has a welfare association working for on the field like supervisor and labor and provides them funding help by creating their savings account at company and gives return one employment is over they can also withdraw at any time and we are happy that most of them have been able to understand this concept and help us to proceed with the concept. Our aim is to make our people financially sound and secure for present and future hence we have come up with the concept. We started Welfare association in the year 2018 and since inception we have connected more that 250+ our people and have been serving since then. Hottex Welfare Foundation has been working successfully and has given a lot benefits to its existing employees as and when required and has been spreading happiness and smile in family.

"Because a thing seems difficult for you, do not think it impossible for anyone to accomplish."
