

## Bahia Solano Fishing Bonanza

Bahia Solano it's a small city in the west pacific coast of Colombia, only reachable by air (short flight 30-45 min depending on the aircraft from Medellin-Bahia Solano) and has become one of the best inshore – off Shore Ocean fishing destinations in the world.

It's one of the last places in the planet where pristine tropical rainforest meets the ocean; beaches are calm, lonely, where crystal clear rivers flow down the mountains through the forest and empty in the sea.

It's a place where whales come to have their offspring, dolphins play happily and sea turtles find their nesting areas in the sand and calm shores.

A perfect isolated destination for nature lovers and fishermen, here the deep forests, clear rivers, mangroves, and beaches still live together in harmony, all this reasons make Bahia Solano one of the best places to go fishing in the world.

The type of fishing is completely sustainable, responsible and follows catch and release philosoph
