*"We've been doing business with IZZI Logistics since 2016. The staff is very helpful and considerate with a sense of urgency. IZZI has helped us with our dangerous goods exports to the Middle East, Asia and Latin America. I look forward to doing business with them for many years to come."*

*"We've been working with IZZI Logistics for several months now. One of the biggest challenges we faced was exporting our products, many of which are considered dangerous goods, from Tucson, AZ, to Asia, Latin America, and Europe. We needed a freight forwarder to take charge of the entire logistics process, ensuring there wouldn't be any compliance issues. With IZZI Logistics, we know we're in good hands."*

**- Pete Medrano, Latin America & the Caribbean Region Manager, 2023 -**

*"IZZI Logistics is our go-to logistics partner. We rely on them to move cargo from Latin America to Amazon, and we couldn't be happier with their service. They put themselves in your shoes and understand how important it is for a shipper to receive delivery updates. Their team is knowledgeable and goes the extra mile to save us time and money in every shipment. We'd recommend them to anyone in need of a reliable freight forwarder."*
