Company Profile

HANGZHOU JOEGOO TECHNOLOGY CO., LTD. (Joegoo) is a venture dedicated to the design, manufacture, sale and service of vending machines, coffee machines, etc. Joegoo has built a strong team of dedicated and talented people in management, research & development, quality control, sales and service.

Joegoo concentrates on supplying vending machines for commercial use, coffee vending machines for office use. With over 13 years of experience and great effort, we sell our vending machines all over the world. Our main markets are South America, Southeast Asia, Europe, Australia, Mid East and Africa. You can also find vending machines in many public places in China, such as the branch of Bank of China in Hangzhou.

In order to better meet the world's demand for products made in China, and at the same time greatly save customers' time to find factories and communication energy. We focus on integrating the supply chain resources and the information advantages of the Yangtze River Delta region to help customers from all over the world to purchase easily. To our great honors, we represent some famous brands in China, like JAVA who has such experiences as below:

Our Purpose:

Communicate attentively, service professionally, Let old customers buy with efficiency,
Let new customers buy without confuse.
Make Chinese products easier to go to all over the world.

VAT Tax ID: 91330110MA2KCX5494
Customs Registration Code: 3301969BHW
Inspection and Quarantine Record Code: 3383101688

HANGZHOU JOEGOO TECHNOLOGY CO., LTD.

Joegoo has the latest turkish coffee brewing technology, freshly ground coffee technology, coffee brewing technology, hot water system, etc.

Tea & Coffee Vending Machine (JC200-LY2 series)
