---

---

**THE COCOA BEAN MARKET  
IS TODAY IN GREAT  
EXPANSION AND NEEDS  
MORE THAN EVER  
PROFESSIONAL EXPERIENCE  
AND DEDICATED EXPERTS  
IN EACH STEP IN THE CHAIN,  
FROM CULTIVATION  
TO THE FINAL DELIVERY  
AT DESTINATION OF  
THE FINE FLAVOR BEANS.**

The objectives of our companies are set for the final consumer benefit together with better revenues for farmers and a deep follow up of the supply chain, ensuring quality, types, varieties and certifications, by a comprehensive method of analysis and classification of the products from the farm till they reach the processing industries at destination, comprising the following targets.

---

## OUR TARGETS

---

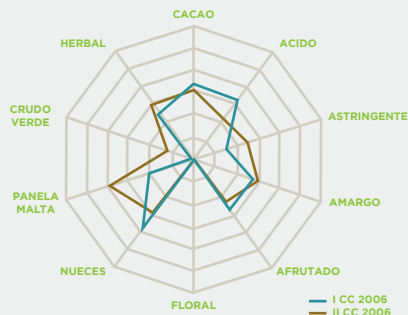

- **Full follow up of the process** after harvest and to define the final quality type to be sold
- **Full follow up and backing to farmers** producing cocoa beans, for best agricultural practices and most efficient harvest and storage post harvest
- **Full classification of the cocoa beans** pre harvest, identifying the varieties and ensuring the qualities are not mixed, but homogeneously blended to form a clean pure quality batch
- **Full state of the art bagging and shipping procedures** to ensure quality is kept safe and that shipments reach destination safely and on time

- **Complete and clear certifications** for each type and quality, following all the norms and rules effective and applicable

- **Full sensorial analysis** for the fine flavour cocoa beans, and specialized classification and identity preservation

## OUR GOAL

---

**To select** and originate the highest available quality of aroma fino Cocoa beans

**To support and protect** the environment and the sustainable agriculture

**To enhance** the role and development of social conditions of farmers dedicated to Cocoa beans

**To classify, store, bag and swiftly deliver** the best quality of aroma fino beans to the final industry market

**To ensure** that shipments are effected at the highest end of best commercial practices

**To follow, inform and develop** technology for the production, storage and process of aroma fino beans
