MORE ABOUT LA ESPIRAL

LA ESPIRAL FARM

In the center of Colombia, at 850 meters above sea level, in the foothills of the central mountain range of the Tolima department, our cocoa trees flourish, surrounded by lush vegetation with crystal clear streams that make the farm La Espiral a true paradise. Here, we take care of every detail, from planting to drying, with technical assistance, but above all, with the experience provided by the farmers of the area, who are a fundamental part of La Espiral.

As a result, we decided to strengthen the cocoa sector in the area, introducing new varieties of fine cocoa flavor and aroma, and managing a fair trade system that guarantees the economy of the producing families and ensures the supply of an excellent raw material.

La Espiral farm was also designed for those who are interested in the world of chocolate and want to live the experience of cultivation. We're ready to take you on a journey and share every detail from this wonderful fruit of the gods.
