3D modeling and visualization

who we are

We are IT team on demand from Ukraine (Europe). Malvas is a network of over 200 professionals - computer scientists, software engineers, UX and UI designers, project managers, business developers and product designers, with an average of 10+ years' experience.

One of our main subdivision is 3D modeling and visualization of different items.

We would like you to have a look at our portfolio and to offer you a very compatible price rates for our services.

Object modeling

Steps:

- Object creation:
 - Based on object specification
 - Based on object references

- Texture mapping
- Setting camera viewpoint
- Final image render

Price depends on the object complexity:

- 60\$-90\$ per object
- 50\$-80\$ per object for orders starting from 10 objects
- 39,8\$- 63,5\$ per object for orders starting from 100 objects

Delivery time per week:

- 5-7 simple objects
- 2-4 complex objects

In our work we use following software: ArchiCAD, AutoCAD, Grasshopper, Rhino, Autodesk 3ds Max.

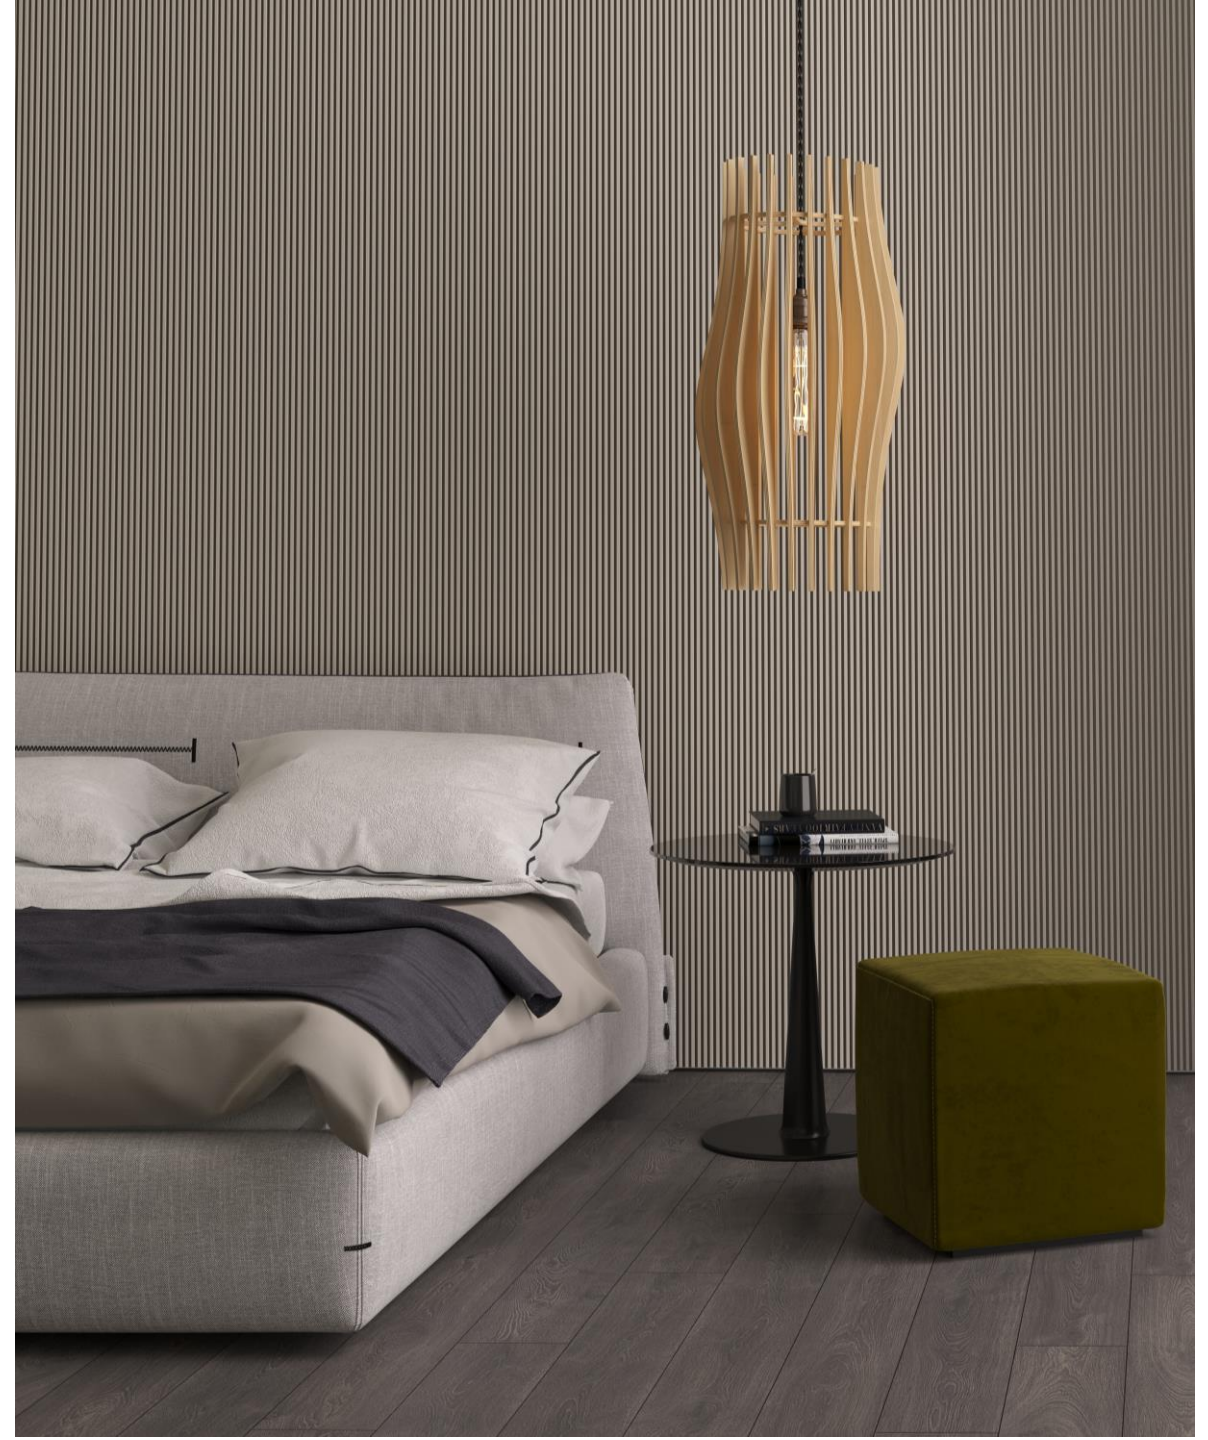

Object modeling in the interior fragmentally

Steps:

- Object creation:
 - Based on object specification
 - Based on object references
- Texture mapping
- Setting camera viewpoint
- Final image render
- Integration of the object in the interior fragmentally:
 - Object adaptation into existing interior – starting from 60\$ (2 renders in 5 days)
 - Object adaptation into existing interior taken from our catalog with minimum scene correction – starting from 60\$ (2 renders in 5 days)
 - Creation of the interior fragment according to the specification or references (Loft, Modern, Classic, etc.) – from 80\$ (1 render in 5 days)

Object modeling in the interior

Steps:

- Object creation:
 - Based on object specification
 - Based on object references
- Texture mapping
- Setting camera viewpoint
- Final image render
- Integration of the object in the interior fragment:
 - Object adaptation into existing interior – starting from 70\$ (2 renders in 5 days)
 - Object adaptation into existing interior taken from our catalog with minimum scene correction – starting from 70\$ (2 renders in 5 days)
 - Creation of the interior fragment according to the specification or references (Loft, Modern, Classic, etc.) – from 10\$ per square meter plus price of the object (1 render in 5 days)
