## EXOTIC JAM FROM EL SALVADOR

From the smallest country in Central America. A country with a beautiful landscape, a colorful vegetation and populated by friendly and fun loving people.

El Salvador has a variety of lovely fruits and vegetables cultivated in addition to some of the best coffees in the world. It produces many interesting and exotic products.

Cuscatlan Manufacturing is a producer of marmalades and jams, made from delicious fruits from El Salvador and manufactured by salvadorean hands.

To date we have been exporting jams to Europe and opening the North America market.

Our market goal is consumers who prefer products 100% natural, free of preservatives, flavoring and artificial colorings.

Our production made with a craft formulation and fruits naturally ripened in the Sun and freshly cut, allow our products to retain the flavor and natural aroma of fruits that are made.

Jams come in hexagonal glass jar, vacuum packed, with a net content of 225 gms / 7.9 oz and two years of time expiration. The packing is by boxing with 10 units per flavor

For lovers of sweet spreads these are a delight alternative .

Let yourself be seduced by our exotic variety.

## Hibiskus Jelly

The dark-red colour of this jelly is as much a pleasure as is its refreshing and unique taste. The juice is extracted from hibiscus calyxes. The resultant jelly is a sheer delight for every one who loves sour-fresh spreads.

## Coffee Jelly

This spread contains the full coffee flavours of selected arabica beans from the El Salvador highlands. For lovers of coffee, its is a revelation; for lovers of sweet spreads it is more than an interesting alternative.

## Mango Jam

Mango is the star among exotic fruits. When you try this jam, you will taste the sweet and intensive flavours of sun-ripened fruits. It is a rare occasion when you can enjoy the minerals and vitamin A in such a sweet way.
