

COMPANY PROFILE

EMECELLE KNITWEAR

Themis Carasai grew up surrounded by her mother's small knitwear factory composed of 2 machines in a rented space and started helping out at a very young age. After some experience and a growing passion, in 1993 Themis decides to buy her mothers factory and move it to a building of their own. With resilience and a lot of work, Emecelle is now a reference for high quality flat knitwear located in the south of Brazil.
