FACE CARE

CLEANSING

CLEANSING GEL 120g (F1)

This daily cleansing gel soap is formulated to gently and efficiently remove impurities and makeup from the skin, providing a clean, refreshed, and radiant sensation. It combines the effectiveness of a makeup remover with the softness and refreshment of a gel soap. Infused with D-panthenol and Allantoin, it provides moisturizing and softening benefits to the skin.

FACE SCRUB 100g (F2)

Its exfoliating microspheres remove dead cells and impurities, unclogging pores and revitalizing the skin, leaving it smoother and softer.

CLEANSING FOAM 150ml (F3)

Experience a gentle and refreshing cleanse with our cotton seed extract enriched formula, leaving your skin soothed and nourished.

MAKEUP REMOVAL

MICELLAR WATER 115ml | 210ml | 510ml (F4)

Practical and effective solution for basic facial cleansing. This advanced micellar technology brings freshness and balance, while cleansing and purifying the skin. Micelles work like “magnets”, capturing impurities, oil, and makeup from your skin.

OIL-FREE MAKEUP REMOVER 220ml (F5)

Effectively removes makeup without leaving any greasy residue. Enriched with pro-vitamin B5 and allantoin, it is alcohol-free.

BI-PHASE MAKEUP REMOVER 115ml (F6)

This powerful fragrance-free formula safely and gently removes face and eye makeup, including waterproof mascara, towards a clean and soft skin. Needs to be shaken before use.

DAYTIME TREATMENT

PRO-AGING DAY FACE TONIC 210ml (F7)

The combination of Salicylic and Lactic acids, Zinc, Pro-vitamin B5, and Vitamin B3, helps controlling oiliness and facilitates the action of moisturizing creams. It promotes a pleasant feeling of clean and soft skin, while reducing blackheads and pimples.

OIL-CONTROL PRO-AGING DAY SERUM 30ml (F8)

The combination of Zinc and vitamins increases skin hydration, minimizes wrinkles, prevents collagen loss, helps alleviate excess sebum, reduces acne severity, and refreshes skin.

PRO-AGING HYALURONIC / MANDELIC ACIDS SERUM 30ml (F9)

The combination of Hyaluronic and Mandelic acids works to hydrate and renew the skin, improving firmness and elasticity, while softening the skin and repairing wrinkles and signs of age. First results are usually noticed in 15 days.

PRO-AGING VITAMIN C MOISTURIZER 50g (F10)

Formulated with vitamins A, C, and E, it nourishes and revitalizes the skin. Its smooth texture provides quick absorption and excellent spreadability. The resulting intense hydration helps delaying premature aging, resulting in a more comfortable, flexible, and healthier-looking skin.

NIGHTTIME TREATMENT

PRO-AGING NIGHT FACE TONIC 210ml (F11)

Formulated with Glycolic Acid, Aloe Vera, Niacinamide, and Sodium PCA (Sodium salt of pyrrolidone carboxylic acid - a natural amino-acid derived), this serum stimulates skin renewal and enhances the action of moisturizing creams. It helps reducing blackheads and pimples, bringing a pleasant sensation of clean and soft skin.

OIL-CONTROL PRO-AGING NIGHT SERUM 30ml (F12)

The combination of Glycolic, Salicylic, Ferulic, Hyaluronic acids, and Vitamins C and E, helps fighting free radicals, stimulates collagen production, improves skin firmness, while reducing wrinkles and expression lines.

SKIN BRIGHTENING SERUM 30ml (F13)

The combination of Hyaluronic Acid and Alpha Arbutin hydrates and evens the skin tone, reducing the appearance of wrinkles and signs of aging. Visible results are usually noticeable within 30 days.

PRO-AGING GLYCOLIC ACID MOISTURIZER 50g (F14)

This product stimulates the skin's natural renewal process, promoting a gentle chemical peeling. It also revitalizes dull and tired skin, and helps removing roughness, providing hydration, softness, and skin smoothness. It contains Vitamin E, a powerful antioxidant, which helps reducing signs of aging.

OIL & ACNE CONTROL

CLEANSING GEL 120g (F15)

Formulated with Salicylic Acid, helps unclogging pores and reducing oiliness. By interrupting the acne formation cycle, it improves the appearance of the skin.

FACE SCRUB 100g (F16)

This gel promotes precise micro-exfoliation to deeply clean pores, leaving the skin smoother, softer, and less oily. It also reduces the appearance of blackheads and pimples.

ASTRINGENT LOTION 210ml (F17)

Perfect for people with oily or acne-prone skin, this formula with Salicylic Acid and Aloe Vera, deeply cleanses the pores and prevents acne formation. Regular use of this lotion helps controlling excessive oil production and interrupting the cycle of acne formation.

ACNE SPOT DRYING GEL 20g (F18)

This product facilitates discreet and targeted application, forming an invisible film over pimples. It contains Salicylic Acid and Witch Hazel extract, with astringent properties that assist in unclogging pores and combating acne and oiliness. The formula also includes Calendula extract, a skin soothing and purifying agent. Additionally, D-Panthenol to soften the skin, and Aloe Vera, for hydration and regeneration.

HYDRATION

AGE DEFENSE SPF30 50g (F19)

Formulated with Hyaluronic Acid and Vitamin C, this multifunctional product promotes deep hydration and luminosity to the skin while protecting against UVA/UVB rays. Its ingredients have properties that help prevent premature aging, providing firmer and more radiant skin.

PRO-AGING HYALURONIC ACID SERUM 30g (F20)

Aging decreases Hyaluronic Acid production, reducing skin hydration and elasticity. This paraben-free product moisturizes, plumps, firms and stimulates collagen.

EYE CONTOUR SERUM 15g (F21)

This formula containing Meiyanol, Superox-C, Hyaluronic Acid, and Niacinamide, works wonders for intense skin hydration, preventing wrinkles and expression lines. It has a lightweight texture that gets quickly absorbed, filling in the creases that appear over time around the eyes. Furthermore, it brightens the area, leaving the skin feeling soft and toned.

PROTECTION

TINTED BROAD SPECTRUM SPF50+ 40g

LIGHTER BEIGE (F22)

MEDIUM BEIGE (F23)

DARKER BEIGE (F24)

These sunscreens are helpful in preventing skin sunspots. They protect your skin against harmful UVB/UVA rays and blue light, thus preventing premature aging. Additionally, their colors help hiding blemishes and can be used as a foundation before applying makeup. They contain Niacinamide, are water and sweat-resistant, non-comedogenic, and paraben-free.

MEDCLINICAL®
SOLAR

SUNSCREENS

BROAD SPECTRUM SUNSCREEN SPF30 200g (S2) & 500g (S1)
BROAD SPECTRUM SUNSCREEN SPF50+ 200g (S3) & 500g (S4)

These lotions moisturize and protect the skin from the harmful effects of UVA/UVB rays, and blue light. Non-comedogenic. Water and sweat-resistant.

KIDS SUNSCREEN

KIDS BROAD SPECTRUM SUNSCREEN SPF50+ 200g (S5)
Specially designed for the safety of children's skin, this lotion moisturizes and protects it from the harmful UVA/UVB rays as well as blue light. Non-comedogenic. Water and sweat-resistant.

FACIAL SUNSCREENS

FACE BROAD SPECTRUM SUNSCREEN

SPF30 (S6) & SPF50+ (S7) 60g

Moisturize and protect the skin from the harmful effects of UVA/UVB rays and blue light. Non-comedogenic. Water and sweat-resistant.

AFTER SUN

ALOE VERA GEL 120g (S8) & 500g (S9) ALOE VERA SPRAY 150ml (S10)

Products formulated with a high concentration of Aloe Vera, known by its calming, hydrating, regenerating, and anti-inflammatory properties. They soften and refresh the skin after exposure to the sun, providing a feeling of comfort, well-being, and freshness.

CALAMINE LOTION 120ml (S11)

With the combination of Calamine and Aloe Vera, both skin protectors, good for soothing the skin and providing quick relief, this product is excellent for after sun exposure.

SELF-TANNING

SELF-TANNING LOTION 120g (S12)

Golden skin even without sunlight. It provides a natural tan without the damage caused by solar radiation. Tan appears after 5-7 hours of application, and its intensity, tone, and duration, may vary from person to person, depending on individual characteristics.

TAN ACCELERATING LOTION 125ml (S13)

In spray form, for a more practical and easier application. Enriched with Carrot Oil, Vitamin E, and Tyrosine (the amino-acid from which Melanin is formed), it moisturizes the skin and intensifies the tan. It also protects the skin from the action of free radicals, providing a fast, intense, long-lasting, and more beautiful tan.

MEDCLINICAL[®]

BODY CARE

HYDRATION

SENSITIVE SKIN MOISTURIZER CREAM 150g (B1)

This product is formulated with a combination of Essential Fatty Acids, Prebiotics, Amino Acids, and active emollients, to promote the reconstruction of the skin protective barrier, and to retain natural hydration. It is free from fragrances, dyes, parabens and formaldehyde.

10% UREA DRY SKIN MOISTURIZERS

BODY LOTION 150g (B2) 500g (B4)

CREAM 55g (B3) 60g (TUBE)

These moisturizers contain 10% urea to reduce roughness and hydrate dry skin. They are formulated to improve skin softness, smoothness, and suppleness, offering a mild deodorizing effect.

UREA & SHEA BUTTER HAND CREAM

60g (B5) 55g (B6)

Product specially developed for hands. Contains Urea and Shea Butter, for skin deep moisturization, protection, nourishment and soothing.

DAILY INTIMATE WASH 200ml (B7)

Takes care of female intimate hygiene safely. Its formula balances the pH of the intimate area, helping to keep you healthy.

B7

SKIN BRIGHTENING LOTION 120g (B8)

Hydrated and illuminated skin. Body deodorant action. Promotes a luminous effect on the skin, maintaining the tan for a longer period. Enriched with Vitamin E forms an excellent antioxidant shield that helps delay premature skin aging.

It also contains carrot and beetroot extracts to help healthily prolong your tan. Illuminating mineral particles enhance color, helping to gently tone the skin.

B8

You can count on 45+ years of experience.
