SPA THERAPY

Africa, a land of giant Baobab and Marula trees, vast savannahs and deserts where Aloe, Rooibos and Kalahari Melon grow wild. African locals, with their ancient cultures and traditions, long ago discovered the power packed into nature.

Inspired by this raw, pure essence of the ancient African earth, our signature plant-based botanical synergies remind us that nature is a great healer.

We invite you on a luxurious African Journey to experience our range of aromatic, earthy and rejuvenating products.
