## *Private Jet Charter*

There is first class then there is a service in a class by itself. We don't simply sell luxury, we save you time.

Request On-Demand flights anywhere in the world!

The Modern Connoisseur Flight Club is the network application of Social Innovation. This solution allows you to direct funding to a specific cause or set of causes by absorbing net profits from your purchase.

The strategic use of your purchase and that of like-minded entities, collectively transforms necessary purchases into a funding lens. A charity of your choice is the target of your focused support, and becomes the sole beneficiary of net profits generated by each respective solution. It's that simple.

As an industry leader in private aviation flight services with Social Innovation at its core, 10% of each Modern Connoisseur Flight Club Dream Flights Plus Card™ purchase automatically funds a charity, foundation, or community program in ways that make every single flight a responsible choice.

## Complete Flexibility
