About NC State University

North Carolina State University is a comprehensive public research university and the largest academic and training institution in North Carolina with more than 36,000 students representing 120 foreign countries. The University offers undergraduate and graduate degrees in 150 different fields. NC State University is located in the Research Triangle Park, the world's first, and the country's largest, integrated and intentional hub of Academic-Government-Industry Collaboration. We are known as a leader in STEM, Industry Partnerships, Innovation, Data Analytics, and Technology Commercialization. For more information about the leading "Think and Do" University please visit us at: <https://www.ncsu.edu/about/>

The Global Training Initiative (GTI) at NC State University develops and delivers engaging and high impact customized group programs for students, faculty, administrators, employees, and executives by connecting our faculty and expert trainers with overseas partners and clients who have identified a need to provide new awareness, knowledge, and skill competencies to their employees, executives, teachers, or students. Turn-key solutions are available for on-campus programs (lodging, meals, site visits, local transportation, visa assistance, cultural experiences, etc.) Certificates and microcredentialing are available upon request.
