About Us

Our coconut by-products, such as coconut shell charcoal is made from high-quality coconut shells, which are carefully screened and refined to ensure the best possible quality. Our coconut by-products are the perfect choice for anyone looking for high-quality, eco-friendly products that are versatile and have many different applications.

Our History

The roots of Naph Exports can be traced back to Copra, Coconut and Charcoal business, which was established in the 1970s in Misamis Occidental, Mindanao, Philippines. Naph Exports is a direct manufacturer/supplier and it aims to expand its market by exporting quality coconut by products. This will benefit consumers and buyers by providing them with access to high-quality, sustainable, and eco-friendly products that can be used in a variety of industries, such as food, health, and commercial.

Vision, Mission, & Goals

Vision

To be the leading provider of high-quality coconut products to customers around the world, offering unmatched value and outstanding customer service.

Mission

Our mission is to provide our customers with the finest coconut products sourced from the best farmers in the region. We strive to establish long-term relationships with our customers based on trust, integrity, and mutual respect.

Goals

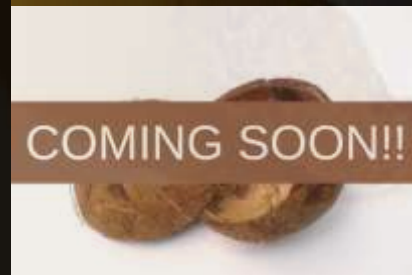

Our goal is to be the go-to choice for coconut products, offering competitive pricing, and excellent customer service. We are dedicated to fostering sustainable, environmentally responsible practices in our supply chain and to supporting the communities where we operate.

Our Products in 2023

Coconut Shell Charcoal

Our Coconut shell charcoal is a sustainable and eco-friendly alternative to traditional charcoal, made from a renewable resource that has zero impact on deforestation.

Coconut Shell (Available soon)

Our Coconut Shells is widely used for making charcoal and charcoal briquette. Charcoals are hard and crisp.

Coconut Husk (Available soon)

Our Coconut Husk Fiber can be used both as a fertilizer and it can be used instead of soil. The plant can be grown by supplying necessary nutrient from the Coconut husk.

FAQ

What happens if I discover damage or shortage?

The goods are in excellent condition when they are delivered to the carrier. We will send you updates from the time of loading until the carrier. The Buyer has given due notice of non-conformity to the Seller, the Buyer may at his option reduce the price in the same proportion as the value that the goods actually delivered had at the time of the delivery bears to the value that conforming goods would have had at that time.

Can I sign a contract with Naph Exports for a 12-month supply?

Yes. Please email us at naph@naphexports.com for more information and the discounted rates.

I want to become a distributor of Naph Exports' products.

We welcome distributors. Please email us at naph@naphexports.com for more information.

Thank You
