OUR SERVICES

More than components.
Procurement support when timing matters.

Tailored services to simplify sourcing and ensure continuous support.

Dedicated stock

For recurring or critical items, Nuova Elva can allocate dedicated stock in Italy to support continuity and shorter procurement lead times.

Outsourced procurement

Multi-brand sourcing, supplier coordination and consolidated purchasing through a single point of contact.

After-sales support and spare parts

Reorders, approved alternatives, spare parts and lifecycle continuity for recurring requirements.

Dedicated account support

Your account is managed directly by our team, providing continuity and responsive support throughout the order process.

Let's simplify your next industrial sourcing requirement.
