ON MOVEMENT GROUP

An essential link in the commodities supply chain

At **OMG**, we originate, transports, manage logistics, trades and distribute all commodities to our international clients.

Our highly experienced sourcing and operational team allows us to have a very strong presence in World's main producing regions and

easy access to the main players in the international competitive agricultural commodities markets.

OMG believes in developing and maintaining solid partnerships with its suppliers and clients with the intent of serving the world's all commodities consumers.

:: Connecting supply and demand ::

OMG is present on both ends of the product supply chain:

- We place our suppliers' products in the international markets by developing new markets and by providing liquidity to their operations.
- We supply our clients (trading companies, importers, exporters, crushers, feed industries, etc.) with competitive products within industry excellence standards on FCA, FOB or CIF/CFR basis.
