“I have dealt with Shazan and his company, PC Clinic, for the past 5 years and it has been an enjoyable and satisfying experience. He has provided me with access to, and use of, Adobe’s wide suite of software applications as well as subscriptions into their Cloud and its vast array of available software. Shazan always ensures that my requests are handled in a timely and professional manner and he is not hesitant to go the extra mile to ensure that orders are placed and serviced expeditiously. His support staff are also very professional and thorough in their approach and they also ensure that all queries and concerns are addressed quickly and efficiently. I would highly recommend Shazan and PC Clinic to anyone looking to procure the Adobe product line or anyone wishing to acquire Cloud based subscriptions and its accompanying software!!”
