Panama as 1st, or 2nd Domicile

Whether living in Panama, retire or do business, our country has achieved a top notch position internationally. With a BBB credit rating (see: Standard & Poor's, Moody's and Fitch Rating) and a stable democracy, it has become a tourism center, logistics and maritime hub, a redomiciliation spot to operate renowned headquarters of multinational enterprises, as well as a place to retreat, due to friendly immigration policies and special laws. As per International Monetary Fund June 2018 Press Release: «“The economy of Panama remains among the most dynamic and stable in Latin America»
