

TRADITION + INNOVATION

We are very proud of our history! For over 80 years we have been producing yarns that combine the new with the classic.

It is an honor to us being a part of the first scarf, the baby's cardigan, the bags that carry summer and winter, the blouses that snuggle as much as a hug.

We want to unite our stories through creativity, telling through our story to the point.

WELCOME TO PINGOUIN.

Our yarns are spun in two locations in **BRAZIL**. Both are ISO 9001 certified.

Santa Isabel is also our weaving plant, in which all our pure wool fabric is produced.

In Sapucaia do Sul, we also produce thinner counts for machine knitting (industrial yarns).

OUR COLLECTION

We organize our collection in 2 catalogs:

WINTER & SUMMER

WINTER COLLECTION

Warm and soft, fashion and traditional, the shiny of the acrylic & wool and the silk touch for the viscose and polyamide.

Our Collection offers from the standard acrylic yarn for the general craft to the refined touch of fancy brushed yarns. Just [click](#) on the cover and dive deep in this ocean of colors and textures.

SUMMER COLLECTION

Summer is the perfect time to dream and to realize, to dress and decorate, to embrace the infinite possibilities that the DIY (Do It Yourself) universe provides.

Our Summer Collection goes beyond and has cotton and its blends as the stars. From the Amigurumi dolls to a bikini or a blouse, you'll find everything you need in this collection.
