

Portafolio y
Gestión Cía.
Ltda.

Who are we?

- ▶ Company dedicated to the production, processing and commercialization of quinoa, and processed products based on this grain.
- ▶ Our objective is to provide our clients with nutritious products and with the best quality possible.
- ▶ We started 4 years ago with the production of quinoa, and now we are expanding to quinoa-based products that not only are healthy for human consumption, but also innovative and tasteful.

Certifications

- ▶ PORGES counts with several certifications, listed below:
 - ▶ Kosher
 - ▶ USDA Organic
 - ▶ EU
 - ▶ We're in the process of completing de HACCP certification

Golden Quinoa

- ▶ Tunkahuan variety of quinoa
- ▶ Ecuadorian quinoa is known as sweet quinoa, due to its lower levels of saponin compared to that of Peru, Bolivia, and other quinoa-producing countries
- ▶ Quinoa 99.9% saponin free
- ▶ We work with organic and conventional quinoa
- ▶ We have both, a dry and a washing process to remove saponin and impurities
- ▶ In our washing process, we don't add chemicals to make the quinoa golden; our product keeps its original characteristics
- ▶ Our quinoa is not genetically modified, so our product keeps being cultivated only in mountainous areas, where quinoa grows naturally

Presentations

Individual Packages

- ▶ Individual boxes of 340 g
- ▶ 24 boxes per master box
- ▶ A 20 ft. container has the capacity to carry 990 master boxes
