A close-up photograph of a person's hand holding a large quantity of light-colored, unroasted coffee beans. The hand is positioned in the lower half of the frame, with fingers slightly curled to support the beans. The beans are piled high in the palm and spill slightly over the edges. The background is a vast, out-of-focus field of the same coffee beans, creating a sense of abundance. The lighting is soft and even, highlighting the natural texture and shape of the beans. In the upper left quadrant, there is a white text overlay enclosed in a thin white L-shaped border.

WE ARE WHAT WE DO, DAY BY DAY;  
SO THAT EXCELLENCE  
IT IS NOT AN ACT, BUT A HABIT.

| ABOUT US

VERTICAL

| COFFEE CO. |

The frenzy and fervor that invades us every day to do our work with quality, makes us improve our processes at all times to achieve that long-awaited excellence with which we want to characterize ourselves.

This arduous task is leading us on the right path, in which our clients undoubtedly place all their trust so that their product is always the best.

**We are Vertical Coffee Co.  
Always in constant growth!**

# TO THE POINT

We thresh, select, roast and vacuum pack differentiated coffees, managing to position our clients' coffee in green and roasted colors anywhere in the world.

In our laboratory we carry out sensory analysis of coffee; Each process is different and deserves all the professionalism so that our clients know the true state of their product.

We guarantee the traceability of all our processes by verifying the transformation of products or services in one place, with our plant located in the center of the country.
