ABOUT MASIMA

MASIMA was born guided by purpose and differentiated relationships, with more than 3 decades of experience with its Executives in global companies. We focus our actions on providing distinguished value for our customers and business allies.

We strive to UNDERSTAND, SUPPORT, and DEVELOP our customer's goals in order to set their corporate demands to a high standard and results, with the best cost-benefit ratio in services.

WHAT WE DO

MASIMA internationalizes companies between South America, the United States of America, and Europe, pivoting business operations, and soft-landing the families of the executives who will be in transit, providing local support in the country where the operation will be established.

We offer customized services for the entire immigration process, as well as the financial and tax structuring of the company, and business alliance in the country of destination for the starting of the international operation.

Start	Start building up your network of contacts with experts in the countries of destination;
Support in	Support in corporate law, immigration, accounting, insurance, finance, tax, and other services as required;
Redefine	Redefine the new target market;
Reformulate	Reformulate the business model and the value proposition to adapt it to the new market
Design	Design a new sales process according to the new business model.
Redefine	Redefine your international logistics operation's risk and cost range, considering governmental and regulatory restrictions.
