MINERALS STRATEGIC

C.I. TITAW MINERALS, S.A.S., arose from the identification of a real need in the paradigm of Strategic Minerals Business companies, made up of a Team of Experienced Professionals, highly trained and exclusively dedicated, with a vision of projects and alternatives that use the avant-garde of operations according to a world market.

From the beginning, our fundamental values are based on generating business and emerging capital where vast sectors of the mining industry for the purchase and sale of goods, services and products have a defined identification.

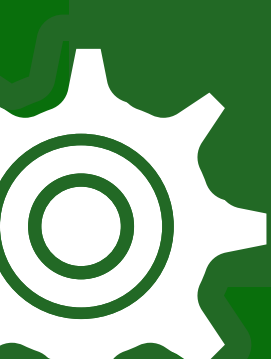

By working with governments and businesses alike, we are able to quickly and efficiently resolve many difficulties faced by being forced to work remotely with customers and suppliers due to global operations..

ABOUT US

We are a unique collaboration to offer approaches between Governments, Companies and People. Each of our team members has over 10 years of experience in their own respective field with the added benefit of international and domestic relationships. We are a "Tertiary Sector" company registered in the Republic of Colombia, with Representations in Latin American countries to serve our client base.

OUR VISION

As a company, our global goal is to become a leading company, offering a quality service for full customer satisfaction. We are creating a Platform of approaches dedicated, outstanding and recognized for its good technical, operational, environmental management and social responsibility practices in hybrid business activities, exploration operations, exploitation and marketing of minerals and metals that combine all the solutions for provide the best relationship between Investors and clients in cooperation with our collaborators.
