SUPER FOODS CORPORATION

COMPANY PROFILE

AMAZONIAN'S SUPER FOODS CORPORATION
CSA CORPORATION S.A.C.

¿Who We are?

The company arises from a group of young entrepreneurs' sons of Amazonian nuts growers whose motivation to undertake and innovate with this resource is reflected in the products with export potential which they offer in Peru. Likewise, the passion for taking this superfood to other countries, making known the benefits of the Amazonian nut and wanting to conserve the Amazonian forests make CSA CORPORATION offer a varied offer that satisfies the demands of the local and foreign market, preserving the Amazon forests and creating employment in Madre de Dios – Perú.

Our Vision

To be a model biotrade company in the production and commercialization of Amazonian products in Peru.

Our Mission

We are a company dedicated to the collection, transformation and commercialization of the Amazonian nut and their by-products in the national and international market, complying with the parameters of quality, efficiency and competitiveness to satisfy the needs of its clients. Preserving the Amazonian forests and motivating young people to their professional development.
