

# Peruvian Traditions

*The world's finest fiber  
...you have to feel it!*

## Who we are?

We are an alpaca garment and accessory exporting and manufacturing company. Our team workers are located in Arequipa, Cuzco, Huancavelica, Lima and Puno. Each workshop has its own specialty: felted fabric, royal wash, handmade, manual machine and industrial machines.

We have two business lines :

- Our brand **NORGÄTE**
- Custom Design Service for designers, shops and boutiques.

We are members of the Lima Chamber of Commerce.

Carlos y Claudia Cordero are both specialists in International business Administration. They studied in the Exporters Association of Peru – ADEX. They have more than 10 years of experience in logistics and product development.

## Custom Design

With Peruvian Traditions the sky is the limit when creating your own and unique designs. You can do the creative pattern development yourself or you can explain your ideas to our designers.

- Protos development: from 2 to 5 weeks, depending on the product design, yarn or cloth.
- Production: from 4 to 10 weeks, depending of quantity and designs.

The Design Process: From Ambition to Result

# NORGÄTE

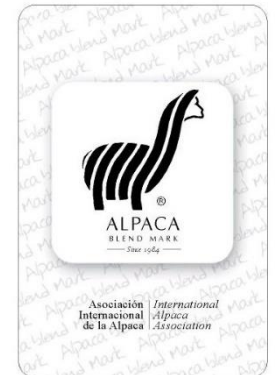

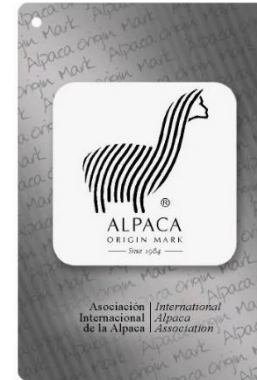

A modern brand, Norgäte blends alpaca and other fine fibers to create a smart collection for demanding and cosmopolitan clients.

Our desire is to bring alpaca to a new level by catering to the most design and quality demanding customers, thanks to a classical and easy-to-wear collection, highlighted by subtle trendy details suiting every occasion.

We are certified by the International Alpaca Association. All of our products include an informational hangtag in two languages, indicating the product quality. (Eng+Fr) or (Eng+Sp)

# Who made my clothes?

FASHION  
REVOLUTION

We are part of the international Fashion Revolution movement. We believe that fashion can be made in a safe, clean and beautiful way. Where creativity, quality environment and people are valued equally.

...you have to feel it!*

## Fair Trade

Peruvian Traditions' mission, as a service providing company, is bringing closer foreign customers and Peruvian producers, by guaranteeing top-notch product development, speed, efficiency, quality, and by anticipating and understanding its clients' needs. Our organization cuts down on intermediaries and maximizes benefits at both ends of the value chain through a fairer treatment for local producers and a world-class service for international customers.

Following the family's values and integrity, Norgäte's production processes are eco-friendly and respect at all stages the people that create a value added fiber.

...you have to feel it!*

## Our services:

- Hand-knitted with textile communities in Cuzco, Huancavelica and Puno.
- Manual machine knitting, special card programming for each design.
- Industrial machine knitting, computer programming (Machines: Shima and Stoll)

All our garments go through the washing, smoothing and vaporizing phases. This is what provides smoothness and a good finish.

Finally when the clothes are finished, two quality controls are carried out. One in the creation workshop and the next one in Lima, certifying that every garment is flawless.
