Traditional

The traditional flavor is characterized for being slightly hot, given that it is made with guajillo hot pepper. This red color hot pepper is extremely popular because it enhances the flavor and serves as condiment. If you are not a fan of hot peppers, you will surely like this one!

Chipotle

This dark brown hot pepper with the appearance of deep fold wrinkles is characterized by its

smoky scent, intense, addictive flavor, and soft spice. If you like the slightly hot, profound,

and delicious flavors, you will crave this one by just smelling it.

Piquín

This little red and oval shaped pepper is characterized for being extra hot. It gives a tingling sensation to the palate, providing a little citric flavor. If you like spicy food, this hot pepper is for you. Spicy but delicious!

Habanero

It is very spicy! Its explosive flavor brings a slight burning sensation when you taste it, but it is so delicious. Its orange, soft and globular appearance is perfect for you, hot pepper lover!

Hot and delicious!
