

HEALTH AND ENERGY FOR YOUR LIFE

OUR COMPANY

Qhali Kay Group is a Peruvian company that produces and markets natural products, both certified organic and those products that have followed an ecological friendly treatment, meeting the new good nutrition and health trends around the world.

We have our own lands and many agreements with various associations of Peru's mountain and forest regions, which provide us a great capacity to satisfy high volume of purchase orders, always searching for excellence and complete satisfaction of our clients, maintaining the highest quality standards throughout the process.

Our company also has a special environmental and social responsibility care with our farmers of the Peru's mountain and forest regions.

MISSION

To offer products from Peru with time honoured tradition in sowing, harvesting and consumption. Many of them are currently considered as "super-foods" with unsurpassed nutritional characteristics. For these and many more reasons, Peruvian products are the best in the world.

VISION

To be a world-class company, leader and innovator in the sustainable use of Peruvian natural products exportable to the whole world.

OUR PRODUCTS HIGH IN OMEGAS

**QHALI
KAY**
NATURAL

SACHA INCHI OIL

Seed is native to the Peruvian jungle and has several properties .

It is high in fatty acids, omega 3 (over 48%), omega 6 (36%) and omega 9 (8%). It contains antioxidants, vitamin A and alpha-tocopherol and vitamin E.

Among the benefits of Sacha Inchi oil consumption are:

- Strengthens the immune system.
- Regulates blood pressure. It prevents myocardial infarction and arterial thrombosis. Furthermore, it lowers triglycerides levels improving the blood supply.
- Controls and reduces cholesterol levels.
- Promotes weight loss
- Reduces hormonal problems of the woman.

SACHA INCHI OIL MAYONNAISE

The Mayonnaise sauce is made with Sacha Inchi oil.

It is egg or milk free, is low in calories, has zero cholesterol and has a delicious taste. It is natural and healthy, rich in Omega 3,6 and 9.

This mayonnaise differs from the others because it does not contain polyunsaturated fatty acids of vegetable origin, making it ideal for the whole family.

SACHA INCHI FLOUR

Sacha Inchi powder is food high in protein (over 50%), rich in Vitamins A and E. It is a rich natural source of Omega 3, Omega 6 and Omega 9, incomparable to strengthen brain function.

Consumption is ideal for people of all ages. It contains more than 50% of high quality complete protein (99% digestible). Controls cholesterol and helps to reduce the levels of cholesterol.

It is used as functional food, nutritional supplement and phyto- medicine. It may be consumed directly for breakfast or mixed with milk or milkshakes.

Shelf life: 18 months in a unopened bag. Keep container tightly closed. Store in a cool, dry place. Protect it from light.

SANCHA INCHI SNACK

This seed has the highest concentration of essential fatty acids (Omega 3, Omega 6, Omega 9), which are important for the proper functioning of the human body but they are not produced in the body.

This oil is essential for the brain, 60% of its total mass is composed of lipids (Fats).

Properties :

Omega: High in fatty acids, omega 3 (over 48%)

Omega 6 (36%)

Omega 9 (8%)

Antioxidants: Vitamin A and alpha-tocopherol, Vitamin E

Protein: Over 60% of defatted almond is high quality complete protein (99% digestible)

How to use :

Oral: Take 5-6 nuts daily.

CHIA OIL

Chia Oil is plant derived and is obtained from the seeds of Chia.

It is the largest vegetable source of Omega 3, 6 and 9. (Contains 62% in Omega 3, 18% in Omega 6, 8% in Omega 9).

It is a very healthy and natural choice;. In recent years, it has gained great importance to medicine and cooking

Benefits:

- Antioxidant Properties
- Against cardiovascular diseases
- Against diabetes
- Strengthens the defenses
- Anti-inflammatory
- Does not contain gluten
- Cosmetic use

CHIA FLOUR

Benefits:

Just as the incorporation of the whole seed of chia brings enormous benefits to health, its intake in the form of flour also involves qualities for our organism.

It promotes normal bowel function due to it being rich in fiber (about 98% of its composition).

Its high fiber content provides satiety.

Also, fiber helps to slow down the absorption of fats and glucose.

It can be consumed by people with dietary restrictions, such as those who are gluten free and vegetarian.

It helps combat osteoporosis as it is rich in calcium and other nutrients fundamental in bone health.

It has fewer calories than wheat flour.

Rich in minerals such as magnesium and potassium, it improves muscle response after physical exercise.

Its calcium is more bioavailable than that from milk, so the human body gets and absorbs a lot more calcium out of chia.

ORGANIC GELATINIZED MACA - MACA POWDER

Benefits:

Increases strength and libido, endurance, athletic performance and overall well-being. Maca is an adaptogen, helps our body to adapt to stressful situations, increases the body's ability to defend itself against physical and mental debilitation.

It regulates and enhances the function of the endocrine system, glands that produce the hormones necessary for essential bodily and metabolic functions such as fertility, sexual function, digestion, brain and nervous system physiology, and energy levels. Hormones regulate many things, including mood, growth, sexual development and tissue function. Hormones also play a role in many diseases, such as cancer and depression.

Content of:

Vitamins A, B1, B2, B3, B6, B12, C, D, E.

Omegas 3 and 6

WHY QHALI KAY GROUP IS YOUR BEST CHOICE?

- Because we are committed to offering high quality and nutritious products that meet the national and international demand, which is constantly increasing.
