

L U M B E R N E S T

Description:

The LumberNest chair is a design masterpiece tailored specifically for high-end hospitality and interior design projects. This unique armchair seamlessly blends the strength of Abstract Aesthetics with the warmth of Natural Materials. Its wooden frame features chunky, rounded columns (Log-Like Construction), creating a bold, stable structure that evokes architectural power and serves as an unforgettable visual focal point. This solid framework is brilliantly contrasted with the generously upholstered seat and back cushion, ensuring the highest levels of comfort.

Aesthetic Style:

Style: Contemporary/Abstract with an influence of Soft Brutalism or Post-Modern Minimalist design.

Distinguishing Feature: The deliberate emphasis on the natural wood grain and the structural composition based on cylindrical blocks.

Ideal For: Luxury hotel, VIP lounges, upscale restaurants, and executive work spaces.

Customization Options (Made-to-Order):

Wood Finishes:

Option 1: Walnut Wood

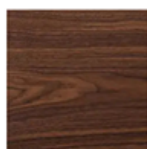

Dark and rich wood, known for its straight or wavy grain, adding a touch of classic luxury and depth to the contemporary design.

Option 2: Oak Wood

Strong and durable wood, characterized by a coarse grain and noticeable texture, ideal for contemporary Scandinavian style and designs requiring high resilience.

Option 3: Teak Wood

Honey-coloured wood, resistant to various conditions, featuring natural oils that give it a smooth finish. It adds a sense of serenity and sustainability.

Upholstery Fabrics

Option 1: Chenille Fabric

A velvety, soft-to-the-touch fabric that gives the seat a feeling of warmth and luxury, ideal for comfortable seating and a boutique aesthetic.

Option 2: Linen Fabric

A light, breathable natural fabric that offers a casually elegant and simple appearance, perfect for contemporary and Scandinavian styles.
