MITIGATING CLIMATE CHANGE THROUGH CUTTING EDGE COOLING TECHNOLOGIES

Welcome

Welcome to **The Energy Efficiency through the Development of Low-carbon RAC Technologies project**. This project seeks to develop low-carbon refrigeration and air conditioning technologies that reduce greenhouse gas emissions, as part of a wider partnership programme between the Government of Trinidad and Tobago and the UNDP, in support of the country's international commitments to combat climate change.

<https://swattrinidad.com>

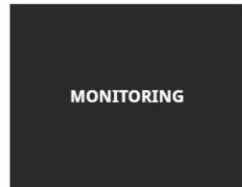

Our Officers are trained to look for suspicious activities on the spot. They can also assess a situation and react to security breaches. We ensure a clear message is conveyed to potential criminals that S.W.A.T. is serious about the security of your business.

Our Security Officers are also customer service ambassadors. Their role is critical to operating the front security booth, acting as sentry to control access to your area/s.

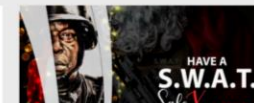

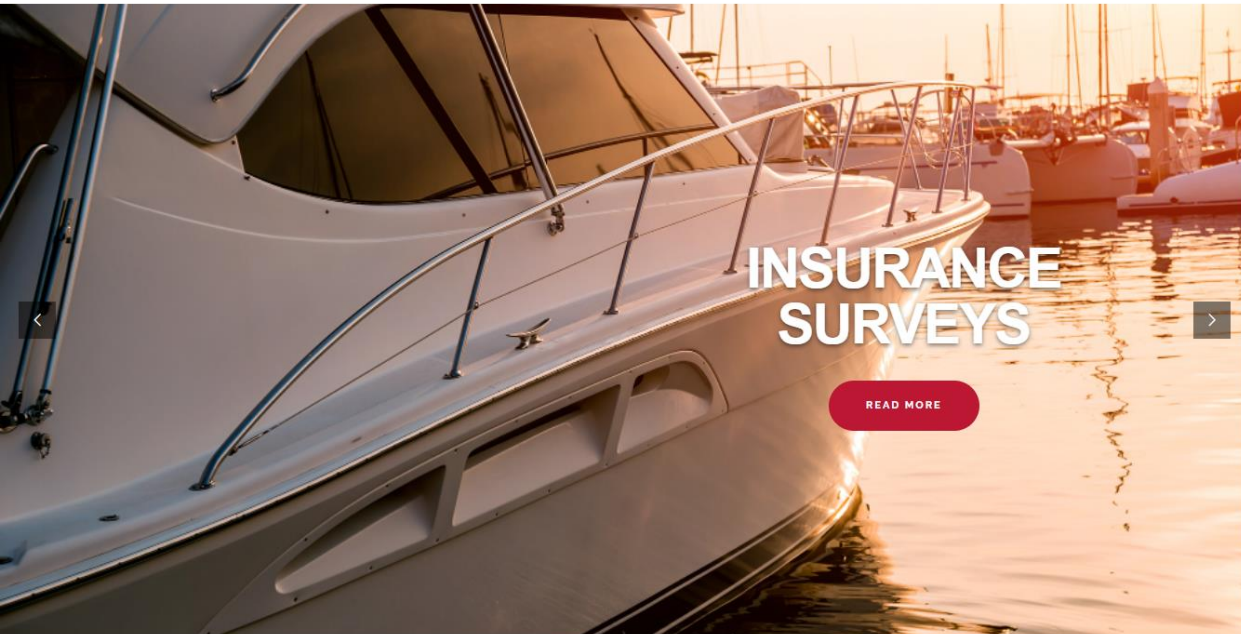

This will all depend on the issue, which occurs. However, our Officers are trained to respond accordingly, take reports and contact the police once it becomes necessary. In some instances, they will detain suspects.

Our Security Officers will ensure active foot patrol on your property. Our monitoring duties will be dependent on your company's requirements in terms of monitor video surveillance, check credentials, monitor restricted areas, etc.

— "Hello! Thanks for checking in! —

Welcome to another great school year at Dunross – a community where parents, staff and students care for each other and strive to build strong relationships by supporting shared initiatives and working together.

We are back to physical school energy and enthusiasm for teaching and learning is being fostered. Teachers are constantly planning and creating daily lessons and activities to appeal to our learners and to set goals for growth and improvement.

We hope that you will find our new and improved website informative and helpful. All the information regarding events and activities that is sent via email or WhatsApp, including pertinent links, can also be found here.

Let's stay connected as we continue to maintain a safe and positive learning environment for all.

Best wishes for safety and wellness to all our families. See you at school!
