¿WHO WE ARE?

¿WHO WE ARE?

Recysol® is a company focused on ***End Of Life Management products and services***, providing environmentally sound solutions to growing waste problem through research, recovery and use of them, integrating again, to the production cycle.

The background image is a photograph of a modern glass skyscraper, heavily tinted with a teal or cyan color. The glass reflects the surrounding environment, including other buildings and trees. A prominent feature is a set of glass-enclosed stairs or an escalator visible through the lower-left portion of the facade. Overlaid on the left side of the image is a horizontal band with a complex, low-poly geometric pattern in shades of grey and teal. The word "PRODUCTS" is written in a large, white, sans-serif font across the middle-right section of the image, partially overlapping the teal band and the building's facade.

A close-up photograph of a person's hand holding a large pile of small, clear, crystalline fragments. The fragments are irregular in shape and have a glassy, translucent appearance. The hand is positioned over a white bowl that is filled with a similar substance. In the background, another bowl is visible, also containing the same material. The lighting is bright, highlighting the texture and facets of the crystals. A black wristwatch is visible on the person's wrist.
