Our company

Southern Trade Bureau is a company created in 2019, with the aim of becoming a trading company that enhances and encourages the Latin American raw materials market. In this sense, it has contributed to the development and connection of the markets of Uruguay, Brazil, Mexico, and Colombia. Today, we are specialized in products such as sugar, meat, seafood and wines.

Serving as an intermediary between suppliers and customers, we have managed to position ourselves as a reliable partner for them, maintaining fluid contact and solid relationships of closeness and trust.

Our company is composed by professionals trained in the area of international business, which adapt to market needs to find and offer the best possible service.

Our main objective is to consolidate ourselves as a trading company that satisfies the needs of its clients. Our knowledge and experience in International Trade allows us to offer a service that provides the desired products in a timely manner.

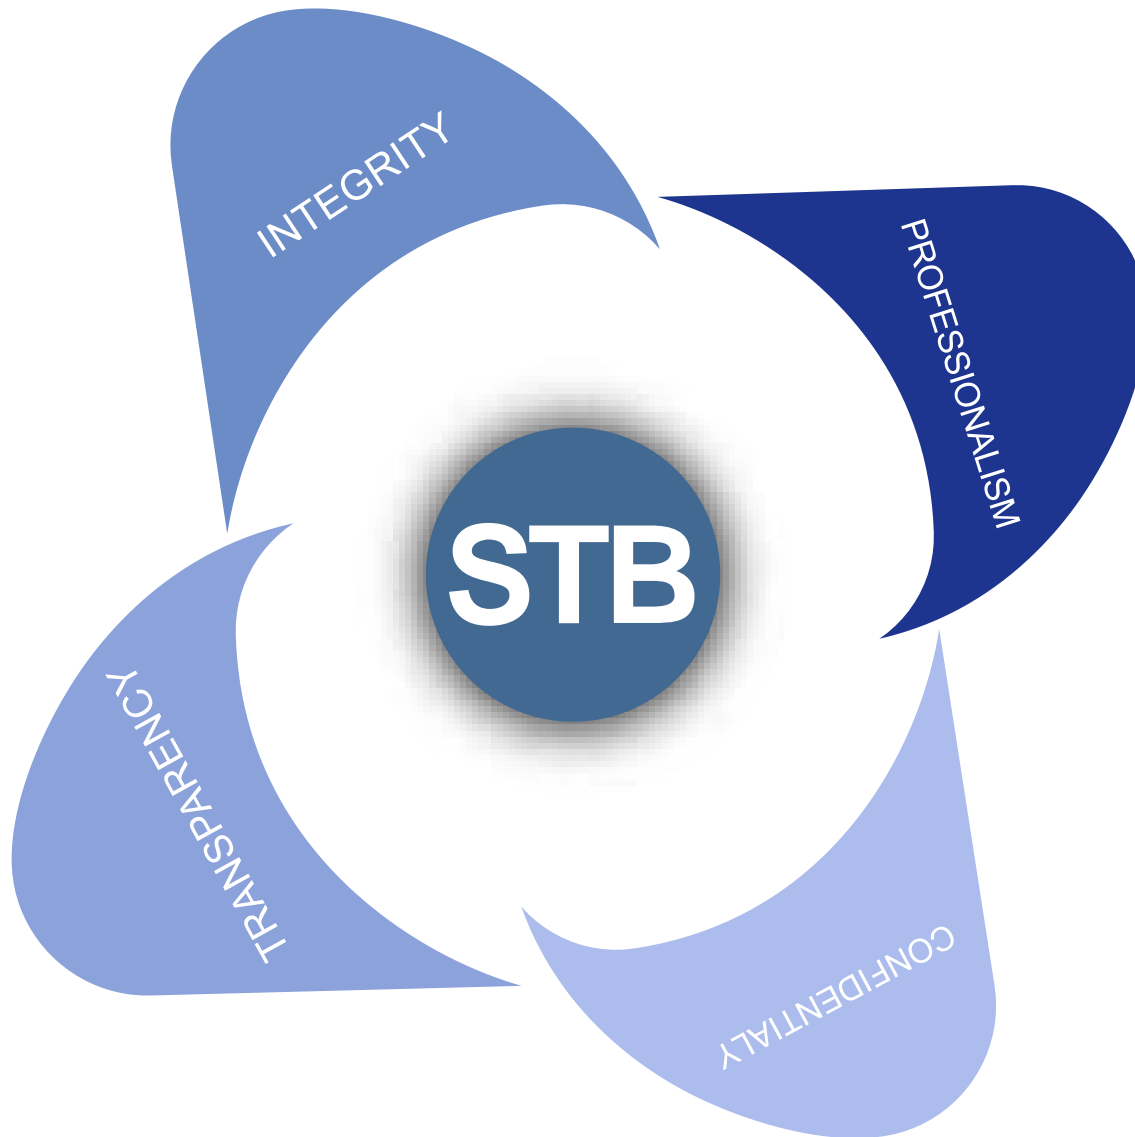

MISSION

Our main business objective is to be the best supplier for our customers worldwide. With our work, we want to facilitate their commercial and logistical operations, providing them with a commercial value proposition that allows them to go further.

Our comprehensive vision helps us to adapt to the needs of the market to find and offer our best service, through access to the most appropriate products in price and superior in quality.

VISION

Our values

Our work

Complete and comprehensive trading services for agro-industrial products in Latin America, such as: sugar, wines, meats and seafood.

Adaptation to the needs of each of our clients and customization of our offers. To achieve this, we have a prestigious variety of suppliers that offer products of the highest quality.

Technical assistance in the entire logistics process of international trade, both in export and import; with personalized attention from an account executive.

Comprehensive management of international trade documentation.

Constant follow-up and monitoring of shipments in order to achieve a smooth commercialization of products.

Advice on possible projects and growth opportunities.
