## PARKING SHADE STRUCTURES

### Shades Parking

A cool and healthy shelter for your customer's vehicles.

### Advantages

- ◆ **Heat reduction:** reduces 50% the internal vehicle temperature.
- ◆ **Health prevention:** avoids the release of harmful benzene gases from the upholstery. Fabric shades approved by Melanoma International Foundation.
- ◆ **Vehicle protection:** protects against harmful UV rays.
- ◆ **Hail and Rain Protection:** protects 100% against hail damage and stops 50% of rain.
- ◆ **Advance Technology:** cutting edge technology, design and engineering.

## Standard Shade Parking

Shades Parking can be purchased or leased. The shades structures fabrics could be branded.

## Smart Shade Parking

Delivered with an especially designed App for booking the spot in advance or park in real time, set reminders and pay.

Shades Parking will install the equipment and systems in your parking lots and share the profits with your company.

## Business Proposal

- ◆ Increase your revenues improving customer satisfaction
- ◆ Low risk, low or zero investment
- ◆ Possible branding tents for a quick ROI
- ◆ Smart app for optimum control
- ◆ Obtain additional profit from your parking, offering an additional service to your customers
