Explanatory Notes

About the Code of Infusion Set:

- ✦ If the Infusion Set does not come with any Components(A,B,C),Please use the Code in the Table.
- ✦ If the Infusion Set comes with a Component such as A, Then "A" should be added after the Code in the Table.
For example: QR01-0101A.
- ✦ If the Infusion Set comes with Components A and B, Then the Code should be QR01-0101AB. ✦ And so on

About the Code of Transfusion Set:

- ✦ If the Transfusion Set does not come with any Components(A,B,C),Please use the Code in the Table.
- ✦ If the Transfusion Set comes with a Component such as A, Then "A" should be added after the Code in the Table.
For example: QR02-0101A.
- ✦ If the Transfusion Set comes with Components A and B, Then the Code should be QR02-0101AB. ✦ And so on

About the Code of Infusion Set with Burette:

- ✦ If the Infusion Set with Burette does not come with any Components(A,B),Please use the Code in the Table.
- ✦ If the Infusion Set with Burette comes with a Component such as A, then "A" should be added after the Code in the Table.
For example: QR03-1001A.
- ✦ If the Infusion Set with Burette comes with Components A and B, then the Code should be QR03-1001AB. ✦ And so on

About the Code of Extension Tube:

- ✦ If the Extension Tube does not come with any Components(A,B,C,D),Please use the Code in the Table.
- ✦ If the Extension Tube comes with a Component such as A, then "A" should be added after the Code in the Table.
For example: QR04-0101A.
- ✦ If the Extension Tube comes with Components A and B, then the Code should be QR04-0101AB. ✦ And so on

About the Code of Micro Blood Collection Tube:

- ✦ If the Micro Blood Collection Tube does not come with Adapter,Please use the Code in the Table.
- ✦ If the Micro Blood Collection Tube comes with Adapter, Then "WA" should be added after the Code in the Table.
For example: QM-BCB-134WA.
