

# SoftnetCorp

thinking forward

*SoftnetCorp is an IT Consulting and Systems Integrator Firm with more than 15 years of experience in this field. We strive to deliver the best quality of service to our clients over making the highest margins. Count on our company to take your business to the next level!*

## OUR STORY

*SoftnetCorp was founded in America by a group of Professionals in the area of Engineering. The company was founded on the 3 core values. Honesty, empathy and integrity. +15 years ago we opened doors with one mission in mind, "To help our customers prepare their business for tomorrow."*

*What started as a two-man operation with one customer has now become a multi-national corporation with a professional team trained by the best and committed to ensuring our customers receive the best service and support. Our success is the direct result of the success of our customers. Fifteen years later we can still say that our mission remains intact.*
