# Ingredients

Ecuador boasts a variety of cacao known as "Nacional," highly valued for the **superior quality of its beans, its refined aroma, and premium flavor.** This fine aroma cacao, also known as "ARRIBA," has received numerous accolades, including "Best Cacao for its Quality" and "Best Cacao Bean by Geographic Region."

**Sunkao crafts its premium chocolate using this fine aroma cacao.**

### **Key Benefits:**

- High antioxidant content
- High theobromine content
- Reduces the risk of cardiovascular diseases
- Relieves stress, stimulates endorphins, and serotonin

Quinoa in Ecuador is a food that has been cultivated since the time of indigenous populations, long before the arrival of the Spanish. Due to the **country's geographic location** and climatic conditions, quinoa benefits from **optimal growing conditions**.

### Key Benefits:

- Excellent source of calcium, iron, B vitamins, nutritional value, fiber, and protein
- Low glycemic index
- Gluten-free
- Regulates cholesterol levels in the body

Chickpeas are one of the most valued legumes worldwide since ancient times. In addition to being **tasty and energizing**, they contribute to a **healthy diet**.

### Key Benefits:

- Source of minerals, particularly phosphorus, iron, and magnesium
- Source of vitamins B1, B6, and folic acid
- Source of protein
- Helps regulate cholesterol levels
