WHY TAC ?

The greatest benefit to participating in the Envoy Program is the cost-effectiveness. By sharing fixed overhead costs as well as the salaries of a trade team our clients have the opportunity to maintain a presence in Brazil.

—— Claudia M. Tomaselli, Founder & COO

TA Consulting (TAC) specializes in business development and trade promotion, assisting Economic Development Organizations (**EDOs**) and small to medium-sized enterprises (**SMEs**) in expanding their exports in Brazil. With over 25 years of experience and a multilingual team, TAC provides hands-on support to help companies navigate cultural and operational challenges, develop strategic plans, and establish a robust market presence.

Additionally, TA Consulting has established long-term partnerships and has access to specialized legal support for risk assessment. The firm provides reliable and secure legal representation for businesses in Brazil. Backed by professionals with strong ties to American institutions, the firm delivers tailored solutions — such as **the Envoy Program** — to support clients' success in Brazil.
