## OUR PHILOSOPHY

# Empowering the Future

Our expertise translates into practical, effective solutions that ensure your company's long-term resilience and success.

### Risk Prevention

We anticipate challenges to protect your business.

### Sustainable Growth

We drive strategies that stand the test of time.

### Business Empowerment

We equip your team to lead with confidence.

# ESG Compliance

**Strategic & Regulatory Development** We guide your company in creating and implementing robust ESG strategies and policies, aligned with global best practices and the expectations of investors and regulators.

## Risk Assessments & Diagnostics

ESG risk assessments, internal ESG diagnostics, and ESG and corporate due diligence.

## Training & Alignment

Training in ESRS, GRI, and SASB frameworks, aligned with Mexican and international regulations.

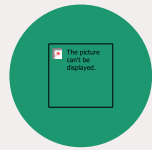

## ISO Certifications

Support for ISO 14001, 45001, and 26000 certifications, and implementation of environmental and social management systems.

## Formalization & Support

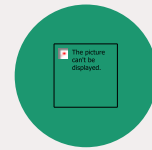

Corporate formalization, comprehensive ESG Compliance services, and support throughout sustainable certification processes.

# Impact of ESG Compliance

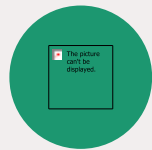

## Reputation Enhancement

Fosters trust among clients and investors.

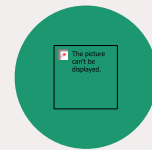

## Investment Attraction

Access to sustainable capital and green markets.

## Operational Optimization

Reduces costs and improves long-term efficiency.

## Risk Reduction

Minimizes penalties and legal issues.

# Tax Optimization

**Tax Efficiency & Compliance** We design tailored tax structures to reduce your tax burden, ensure full compliance with current legislation, and maximize sustainable savings for your company.

## Analysis & Strategies

Analysis and strategies to reduce the tax burden.

## Tax Compliance

Tax compliance with a focus on optimization.

## Custom Structures

Customized structures for lasting savings.

## Preventive Management

Preventive management of tax risks.

# Executive Training

Our programs are designed to enhance the capabilities of your executive, legal, financial, and operational teams, adapting to the specific needs of your organization.

## Leadership & Compliance

Business leadership and regulatory compliance courses.

## Strategic Skills

Personalized training for strategic and management skills development.

## Executive Headhunting

Specialized headhunting services to identify and attract top talent for key positions, ensuring perfect alignment with your organization's culture and goals.

# Trade Compliance

Our **Trade Compliance** service ensures that your company operates within the international trade regulatory framework, minimizing customs risks and maximizing global market opportunities.

## Tariff Classification

Accurate goods classification under the Harmonized System (HS).

## Customs Valuation

Correct customs value determination per WTO standards.

## Free Trade Agreements

Leveraging FTAs and tariff preferences.

## Customs Risk Management

Prevention of penalties, audits, and customs contingencies.
