A Fresh Revolution for Brazil

A global solution for local food production.

UF Brazil Ltda – Build & impact the local food systems in Brazil and beyond

UF Vision

Grow 20% of our fresh produce needs in the city, for the city

UF Mission

Be the Change Maker towards a more sustainable, resilient and healthy local food system!

About UF

UrbanFarmers – A global pioneer with 5 years of developing and operating commercial urban farms

Since 2011, UF is a global pioneer in urban agriculture and a technology leader in Aquaponics (combination of aquaculture and hydroponics).

UF001 LokDepot (CH)

Pilot farm and R&D facility, worldwide first commercial-scale Aquaponic rooftop farm

UF002 De Schilde (NL)

Europe's largest rooftop farm: Capex EUR 2.8m, 50 tonnes of vegetables and 20 tonnes of fish p.a.

UF003 Zwicky (CH)

Capex CHF 3.3m, 25 tonnes of vegetables, 15 tonnes of fish p.a.

UF is operating urban farms via proprietary control system and under UF™ Brand worldwide – Long-term, brand and operating system will be franchised on a global basis.

UF – a green unicorn

UF is currently operating urban farms across three Continents.
Raised more than USD 10m for corporate and urban farm projects.

International Project Pipeline

Pipeline in Europe, North America and Brazil with major Real-Estate Owners & Developers and huge real-estate portfolios – Story: Monetize your empty rooftop assets!

- Shopping malls and university campuses
- Commercial buildings and offices
- Industrial brownfields and conversions
- Green spaces & public parks

Food Security Story: Each urban farm grows food for 2'000 people year-around

Management and Board

Daniel Pacheco, Managing Director

Prior to UF, Daniel's career was in R&D and Engineering at Unilever and Natura. A chemical engineer formed at Instituto Mauá de Tecnologia and industrial process management Mastering at Universidade de Campinas, Daniel is driving the growth of our rooftop farm franchise in Brazil and beyond.

Gioia Deucher, Advisory Board

Gioia is the CEO of swissnex Brazil, Switzerland's scientific arm abroad that promotes collaboration between the Brazilian and Swiss innovation ecosystems. She is very excited to support the company as a Board Member as it brings the Fresh Revolution to Brazil.

Mariana Castro, Advisory Board

Mariana is a research fellow based at the Lemann Chair for Law & Economics of the University of St. Gallen, Switzerland. She is a Brazilian qualified lawyer focused on impact business and investments, with over ten years of practical experience. She has been an activist and supporter of the global movement of B Corps since 2013.
