For Today Since 1963

In 2018, the important historical milestone of the company's arduous 55-year journey must be marked by a momentous event which has strong influence on the world. Therefore, under the strict inspection of Guinness World Records, VIFON achieved Guinness recognition for the biggest Instant Pho bowl.

This unique noodle bowl has a diameter of 2.1 meters and is made of 1,963 rice noodles of dried VIFON Pho, 1,200 liters of Pho broth, 100 kilograms of fresh organic beef, 22 kilograms of mixed spices, 8 kilograms of Pho beef oil and 6 kilograms of chili sauce. To establish this record, 55 chefs including Mrs. Nguyen Thi Dieu Thao - the culinary expert, had to work hard during the process of cooking.

Mr. Brian Sobel, the official Guinness World Records adjudicator, confirmed this record was set with the weight of Pho bowl up to 1,359 kilograms. This bowl of Pho had been enjoyed by 1,963 spectators who were present at VIFON Company.

"It is not easy to create a true Pho flavor, but VIFON Instant noodle products always contain all the seasonings and the taste is so delicious and so harmonious. Today, seeing a huge bowl of Pho like this, I am really surprised and excited," said Mr. Dino Vu - a food blogger.
