

Viana Export

Thinking beyond

About Us

We are a Brazilian company based in the state of São Paulo, initially created in partnership with the European market, specifically in the Netherlands, meeting the needs of our distributing partners specializing in Brazilian food products FMCG, confectionery, coffee and cachaça.

Today, our company maintains excellent contacts with more than 100 Brazilian manufacturers and we are continually expanding our product portfolio to be able to provide and serve our current and future distributor partners with quality.

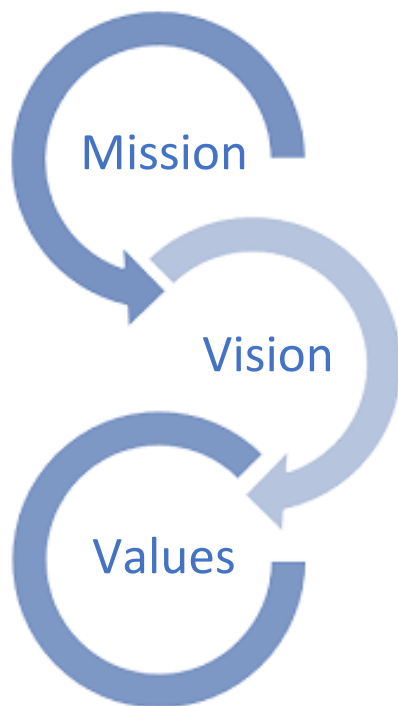

Viana Export operates on two levels:

1. We offer existing brand products and can actively assist you in creating private label products.
2. We operate as a research team and, based on your specific product requests, research and track down the necessary contacts and consult with Brazilian producers.

We are confident that through our network of Brazilian manufacturers and in building business partnerships in your country, new mutually beneficial business opportunities can be established.

Our Mission, Vision and values

To be the bridge between Brazil and abroad, building partnership relationships through the focus on our client.

“ Export Brazilian food products of quality and fair price, generating new opportunities, agreements and partnerships between nations, providing our partners with an increase in their global competitiveness.”

Always acting with dedication, transparency, Integrity, commitment, quality, respect and responsibility. Our team values partnership by cultivating good relationships with our clients.

Drinks - Coffee

Traditional coffee is aimed at consumers looking for a softer coffee, yet with an intense aroma. The characteristics of this delicious coffee are guaranteed through the use of carefully selected beans from the best producing regions in Brazil, always maintaining high quality standards in manufacturing.

Found in 250 gram and 500 gram pillow packs and 500 gram vacuum packaging.

This coffee is full-bodied, has a flavor that remains in the mouth for longer and a remarkable aroma. Its roasting point is ideal for those who enjoy a stronger cup of coffee on a daily basis. The quality control and the selection of grains, coming from the most noble producing regions in Brazil, result in this distinctive drink that only Café Alvorada knows how to make.

Found in 250 gram and 500 gram pillow packs and 500 gram vacuum packaging.

Espresso coffee is special for espresso machines. Always fresh, it distills the aromatic soul and the creaminess of the best coffee beans.

This line is available in the Café Espresso version in 1.0 kg packages
