Eat__Coffee
ANYWHERE ANYTIME

We're a Colombian company pioneering the future of food. We blend cutting-edge technology, scientific research, and food innovation to craft novel ingredients, exceptional flavors, and distinctive culinary experiences. Our initial focus is on revolutionizing the coffee and cacao industries

MISION

We're revolutionizing the way people experience food, crafting innovative and healthy products that redefine culinary norms and respect the environment.

VISION

We're transforming the way people consume food, creating innovative and sustainable experiences that go beyond the traditional, maximizing the potential of each ingredient and minimizing waste

OUR INNOVATION

1. Production processes
2. Products
3. Business model
4. Business sustainability
5. Customer experience

PORTFOLIO

COFFEE COATINGS_

We've developed a unique couverture, leveraging technology, science, and food innovation, utilizing the entirety of the coffee fruit and beans. This foundation has enabled us to create novel couvertures with differentiated profiles blended with cacao.

COATINGS LIST_

- | | |
|----------|--|
| 1 | Espresso Coating
<i>Coffee (fruit and beans), cacao butter, sugar, salt, sunflower lecithin.</i> |
| 2 | Filter Coating
<i>Coffee (fruit and beans), cacao butter, cacao mass, sugar, salt, sunflower lecithin.</i> |
| 3 | Mocca Coating
<i>Cacao mass, coffee (fruit and beans), cacao butter, sugar, salt, sunflower lecithin.</i> |

COATED CENTERS_

With our coffee coatings, we coat various fillings/centers to achieve delicious and functional combinations for snacking or mixing with other preparations.
