BAÍRA OSADO

Description: 52 X 150 Cannon Shot

At present it can be considered perhaps the quintessential pure format. In recent years it has established itself as the band that combines excellent combustion with all the powerful flavor that its 150 mm guarantees for almost 1 hour. It was this format that was chosen to make the grand premium reserve.

BAÍRA ATYPICAL

Description 52 X 6 Torpedo

The dimensions that have been shown so far are what are called even. This is a figurative type band. Many believe that a Pyramid, due to its shape, offers advantages in terms of combustibility. The time it takes to smoke it is about an hour.

BAÍRA INTIMO

Description: 48X7 Churchill

The description of a cigar with the preferred conditions made famous for many years by the legendary Winston Churchill made with the best expert hands of the characteristic Romeo and Juliet.

BAÍRA LINAJE

Description: 50 X 4^{7/8} Robust

The limitations modern life imposes on time make this format the first choice for many experienced smokers. It is slow burning and great in flavor. Most of the gratification that a long puro offers can be experienced here in 30-40 minutes. delight

You can enjoy our BAÍRA cigars in suitable spaces in company or with friends, as well as interact with fans by combining different drinks such as wine, whiskey or selection of coffees especially combined with a coffee that obeys three very important conditions such as acidity, origin from high altitude in the tropics and fed by short and sudden climates like Sarandunga, we recommend a coffee selected from our magnetic pole in the southern part of the Dominican Republic . The CigarLounge in the Caribbean areas, in America while we pair them with a drink and interact with other fans.
