About us

Downtown Manhattan's Financial District GI specialists of Manhattan Gastroenterology offer the most advanced gastroenterology, endoscopy, and colonoscopy services. Our gastroenterologists are board-certified by ABIM and are best-in-class gastrointestinal specialists. Well-known in the neighborhood as top GI doctors specializing in preventing, diagnosing, and treating digestive disorders, they deliver highly personalized and comprehensive care. Our gastroenterologist's philosophy regarding the doctor/patient relationship is based on trust and has earned them one of the most respected reputations in New York City. Financial District-based Gastroenterology practice serves the Lower Manhattan/Downtown Manhattan community, including nearby neighborhoods Lower East Side, Tribeca, Chinatown, Battery Park City, and Soho.

At Manhattan Gastroenterology, specialists utilize the latest technological advancements, including the state-of-the-art Quintron Breath Analyzer diagnosis of lactose, fructose, and small intestinal bacterial overgrowth that has been shown to demonstrate effectiveness in the treatment and management of Irritable Bowel Syndrome (IBS). They also offer a minimally invasive, non-surgical laser hemorrhoid treatment called IRC or infrared coagulation that is safe and effective.

Through the integrative approach, they spend the time necessary to analyze and treat difficult digestive issues often overlooked in today's fast-paced healthcare environment.

For more information about Manhattan Gastroenterology practice or to schedule an appointment, don't hesitate to contact the Downtown Gastroenterology at (646) 813-2095.
