

At GDCPTC Consulting, we have over 20 years of business experience in a variety of sectors, including home appliances, resins, metal cutting and bending, and consumer electronics, among others, working with national and multinational companies.

Our active management and strategic vision have contributed to the identification of risks and opportunities in companies in Asia, Latin America, Europe and the United States.

We have significant experience in developing administrative, financial, logistics, technical assistance and commercial strategies, which led to leading the opening of the subsidiary of an Asian multinational in Latin America, achieving a growing market share of 20%.

Our expertise in developing clients and suppliers will certainly help your company maximise profits across the entire chain.

Our goal is to help your company identify opportunities, mitigate risks and grow sustainably and profitably.

Count on GDCPTC's expertise in your business.
